Definitely one of the good value plays in this affair given the power rating. Last time this filly finished in the money.

This filly's jock hasn't been getting too many victories in recent times. Finished in the second half of the pack last time - not a terrific sign. Tough to invest in this one after the disappointing stretch drive in the last race.

When Amir Mendoza and Cipriano Contreras are put together - the ROI has been wonderful. Not in the top half of the field in the last race. This horse hasn't won in his last ten tries - he's probably not worth the value today.

 Dam's turf offspring have given really strong profits (49 starts, 22% wins, +28% ROI). Francisco Arrieta and Berg Thomas L Van perform well when they are put together - strong ROI together. Finished in the back last time - not a promising effort.

This rider/trainer combo is a bit cold right now - not a high win percentage together. Most horses get better second time out after their first track experience. Tough to play this colt today - trainer on a down cycle over the last month.

This fine animal should be thundering down the stretch. Tough to play this gelding today - conditioner on a down cycle recently. Trainer/Horse combination leaves much to be desired (14 starts, 7% wins, -38% ROI).

Surely one of the overlays in this event given the power rating. John Alexander Ortiz hasn't been getting victories when putting Axel Concepcion in the saddle. Don't see him as a sure thing after that last dash.

With Gabriel Saez riding this animal, may have to skip this gelding. Went in reverse in the homestretch last time out. Didn't finish in the top half of the field last affair - might have to expect the same today.

This fine animal ran a nice one last time out. Just not worth it - trainer not winning many races over the last month. When this rider and conditioner work together you have to take a look.

Have to love that most recent contest where he ended up strong. He doesn't have the winning attitude, tough for him to obtain it today. Turf starters out of this Dam have not shown good dividends (18 starts, 6% wins, -78% ROI).

Tread lightly - attempt just wasn't strong enough last time out. I expect a competitive performance from this entry whose trainer has the greatest ROI percentages (66 starts, +13% ROI) with horses running switching surfaces. Dam's offspring have shown very good dividends on the grass (22 starts, 18% wins, +29% ROI).

Give this gelding a fair chance - ran a nice contest last time out within a month. Victoria H Oliver has not gotten the best out of this gelding (13 starts, 8% wins). Wraps were added in the last race - doesn't bode well for today's affair.

This gelding has not run well under Eddie Kenneally's training (5% wins). Put forth a strong effort in the last affair. Tough to bet on a racer that loses so frequently.

Tough to play this colt today - conditioner on a down cycle over the last month. Tread lightly - stretch effort just wasn't really enough last time out. Adam Beschizza and James E Baker just haven't been winning together recently.
