When Amir Mendoza and Cipriano Contreras are put together - the ROI has been wonderful. Not in the top half of the field in the last race. This horse hasn't won in his last ten tries - he's probably not worth the value today.

Can't make big money without betting long shots - worth a stab with such a good power rating. Last race doesn't inspire much faith. Can't make a habit of betting on horses that rarely win.

Dam's turf offspring have given really strong profits (49 starts, 22% wins, +28% ROI). Francisco Arrieta and Berg Thomas L Van perform well when they are put together - strong ROI together. Finished in the back last time - not a promising effort.

This rider/conditioner twosome has a favorable return on investment. Don't really like the latest undertaking - in the back of the pack. Tough to play this horse with this handler's lack of recent success.

This fine animal should be thundering down the stretch. Tough to play this gelding today - conditioner on a down cycle recently. Trainer/Horse combination leaves much to be desired (14 starts, 7% wins, -38% ROI).

☞ Wilted down the stretch in the last race - may do the same thing. ☞ Finished in the second half of the field last time - not a great sign.

Her trainer has done strong with horses dropping down the class ladder (76 starts, 24% wins, +8% ROI). Didn't exhibit much intestinal fortitude during the stretch drive last time - be cautious with her. Don't see her as a sure thing after that last race.

Give this gelding a fair chance - ran a nice contest last time out within a month. Victoria H Oliver has not gotten the best out of this gelding (13 starts, 8% wins). Wraps were added in the last race - doesn't bode well for today's affair.

When this jock and trainer team up you have to take a look. Most ponies make progress in the second outing after their first visit to the track. Didn't exhibit enough grit in deep stretch last time.
