This animal's conditioner hasn't been winning often lately. Tread lightly - stretch effort just wasn't good enough last time. Tired in the home stretch last time around the track.

This horse coming off a solid performance in the last month or so is definitely live. Fits well here based on Jerry Gourneau's very solid results with horses claimed of late. When E Valdez-Jimenez and Jerry Gourneau join forces - the ROI has been fantastic.

This pony hasn't won in her last ten tries - she's probably not worth the value today. This mare has not run well under Danele Durham 's training (8% wins). Faded down the stretch in the last race - may do the same thing.

This trainer has not produced good gains with entrants moving up in class (47 starts, 4% wins, -84% ROI). Didn't finish near the front of the field last affair - might have to expect the same result. This filly faltered down the stretch - not a good omen.

Trainer Javier Ruiz Ortiz has not had much success with this filly (8 starts, 0% wins). This animal's trainer hasn't been victorious often recently. Recently, this jock just doesn't seem to be able to buy a win.

This fine animal should be rocking and rolling down the homestretch. Tread lightly - effort just wasn't really enough last time out. Hard to play any animal that cannot even get it done one time in her last ten races.

This runner didn't finish in the top half of the field last race out. Last time this mare finished on the board. This racer coming off a sharp try in the last month or so is definitely live.

May have to let go of this horse - jockey hasn't had the best of luck within the recent past. Didn't exhibit much intestinal fortitude during the stretch run last time - be cautious with her. Finished in the back of the pack last time - not a great sign.

This jock and conditioner have a lucrative ROI when they are put together. Didnt display much intestinal fortitude during the stretch drive last time - be cautious with him. Fresh horses from this trainer's barn have produced some of the top gains (74 starts, +46% ROI) for horses coming off a layoff.
