May have to skip this horse - trainer hasn't had the best of luck of late. This mount didn't finish in the top half of the field last time around the track. Rider hasn't had the highest winning percentage recently - may have to pass up.

A pony coming back this soon after a strong contest is a good signal. Krista Cole has not gotten the best out of this gelding (13 starts, 8% wins). This gelding should be a nice price and has a strong power rating.

Just not a worthwhile play - trainer not winning many races recently. Won by a large margin last time around the track. Mount added wraps in his last race - not a good sign.

Should run better than predicted by the rest with such a strong power rating - strong price potential. This gelding faltered in the homestretch - not a good sign. Jockey and trainer haven't had much recent success together.

Give this gelding a chance - ran a nice effort last race out within a month. Risk takers should feel comfortable with this selection given the solid Trainer/Horse record (6 starts, 33% wins). Julia Carey hasn't been winning when putting Emma-Jayne Wilson on a horse.

Good power rating - given odds underestimate this gelding's possibilities - good price potential. Prayen Badrie and Harold Ladouceur haven't been a winning team lately. This pony didn't finish near the top of the field last time around the track.

Tread lightly with this animal - connections have been cold when teaming up. Josie Carroll sends this one out for the 1st time - win pct strong for firsters. This gelding may be live today - handler can get a 1st time starter to score.

With some experience under his belt, expect an improved performance. This gelding should be a good price and has a strong power rating. Trainer has had an awful time winning races these days.

Last event was a strong try. Have some doubts when any animal has front wraps added in the last dash. This colt is in nice condition, having run a good race last time out.
