Really think this horse is going to be really close near the finish line. This gelding has not run well under M Brent Davidson's training (6% wins). Not making a wager on this one after the last venture.

 ☹️The combination of Richard E Eramia and Patrick E Swan isn't on track recently. ☹️Can't make a habit of betting on ponies that rarely win. ☹️Didn't display enough grit in the stretch drive last time.

☹️Tread lightly with this horse - connections have been not in sync when teaming up. ☹️Recently, this trainer has not produced good dividends for bettors with horses moving down in class. ☹️Horses off the layoff from this trainer's barn have not produced the best dividends in this group (50 starts, -24% ROI).

Finished in the money last time out. Tough to play this animal with this conditioner's lack of recent luck. The combination of Ronnie Huckaby and Logan Ashford isn't on track recently.

This gelding is in good condition - ended up strong in last outing. No substitute for education - watch for an improved performance in the second start. Didn't exhibit much intestinal fortitude during the stretch run last time - be cautious with him.

⚡ This filly is back soon - sprint horses that come back quickly are generally good plays. 🐾 Tired in the stretch in the last race.

The stretch performance in the last affair leaves much to be wished for. Don't really like the last venture - in the back of the pack. This rider/handler combo is a bit cold right now - not a high winning percentage together.

Tim Dixon can make a nice score with this mount. Nice power rating. Don't really like the recent attempt - in the back of the pack. Trainer Tim Dixon has not had much success with this mare (13 starts, 8% wins).

Strong performance by this gelding last time around the track. This pony coming off a strong performance in the last month is definitely live. The enticing odds make this animal a strong play with such a strong power rating.

Finished in the back of the pack last time - not a ringing endorsement. Trainer Jesus Munoz Escobedo has not had much success with this horse (7 starts, 0% wins). He doesn't have the winning disposition, tough for him to find it today.

This trainer has horses that have consistently produced strong board hit percentages when moving down in class (19% wins). Didn't finish near the front of the field last event - might have to expect more of the same. This sprinter is back in a race quickly after his last outing - means he's fit.

This jock/handler duet has a strong ROI together. Can't make a habit of betting on ponies that rarely win. Tired in deep stretch last time around the track.

This gelding faded down the lane - not a positive. With Ezequiel Lara riding this animal, may have to pass on this gelding. This rider/conditioner combo is off kilter right now - not a high win percentage together.

Finished in the back last time - not a terrific sign. Can't make a habit of betting on ponies that rarely win. Didn't exhibit enough heart in the lane last time.

Nice return on investment for this rider and trainer pair. Don't really like the last venture - in the back of the pack. Could be tough to wager on after that last stretch effort.

Always a smart play to bet sprint horses that make a quick turnaround. Didn't display enough courage in deep stretch last time. Class droppers out of this trainer's barn have not produced good returns (-43% ROI).
